EXCESS

An Excess is a non-refundable amount of money a Member agrees to pay towards the cost of Services before Benefits are payable when admitted to Hospital. If hospitalised, the total excess amount of your cover will apply once per person per Calendar Year.

'THE GAP' WHEN YOU GO TO HOSPITAL

If you go to a hospital that is not a HCF Participating Hospital, you may face large out-of-pocket expenses. It is important to obtain 'informed financial consent' from the hospital to find out whether you will have to pay any gaps to the hospital. It is also important to contact HCF prior to any hospital admission.

You might also have to pay a gap to your surgeon or other doctors that treat you while you're in hospital. Although Medicare and HCF pay your doctors' charges up to the Medicare fee, your doctor may charge more than the Medicare fee which creates a 'medical gap'. HCF has a 'Medicover' arrangement in place where some doctors agree to charge no medical gap or a reduced gap. Before you go to hospital, ask your doctor/s about their charges and if they'll participate in HCF's Medicover arrangement for your procedure.

PREGNANCY AND BIRTH RELATED SERVICES

To be covered for pregnancy and birth related (obstetrics) services in hospital, make sure your cover includes full benefits for these services. If not, you may wish to upgrade to a cover that includes obstetrics 12 months before the date of birth of your child to minimise your out of pocket expenses. If you're expecting, make sure you transfer to a family membership at least two months prior to the birth of your child to ensure your baby is covered.

MB MINIMUM BENEFITS

For these services, only Minimum Benefits are payable which means that you may have to pay significant out-of-pocket expenses in a private hospital. In a public hospital, if you elect to be a private patient, you may also have to pay out-of-pocket expenses.

✗ EXCLUDED SERVICES

These services are excluded from your cover. No benefits are payable for any treatment related to the excluded service. If multiple services are provided during an episode of treatment which includes an excluded service, no benefits are payable for the entire episode. Always check with HCF to see if you're covered before going to hospital.
