WHY PRIVATE HEALTH INSURANCE MAKES COMMON SENSE

Everyone has their own reasons for choosing private health insurance. It could be for peace of mind or it might make financial sense. Here are some of the benefits of having private health insurance.

CHOOSE YOUR HOSPITAL AND SPECIALIST

You decide who treats you and where.

SKIP THE PUBLIC HOSPITAL WAITING LIST

Cut down the time you need to wait for elective surgery.

BETTER ACCESS TO A PRIVATE ROOM

In a private hospital you're more likely to have a private room, so you can recover in the peace and privacy of your own space. They're allocated on patient need so we can't guarantee one.

CLAIM ON A RANGE OF SERVICES WITH EXTRAS COVER

Depending on which extras cover you choose, you can claim on a range of services like dental, optical, physio, health management programs and more.

SUPPORT YOUR WELLBEING WITH OUR HEALTH PROGRAMS

We understand your health journey is unique. That's why you can access our range of health programs, supporting you wherever you're at in your life. See pages 20-21 for more details.

GET AHEAD ON GOVERNMENT INCENTIVES

- You could reduce your premiums with the Australian Government Rebate on private health insurance.
- You could avoid the Medicare Levy Surcharge.
- Avoid the Lifetime Health Cover loading if you take out hospital cover before 1 July following your 31st birthday, and maintain it.

RIDE EASIER IN AN EMERGENCY

Medicare doesn't cover ambulance services and these can be costly (if you're not covered by a state-based ambulance scheme). Depending on which cover you choose, you could be covered for ambulance costs in an emergency (see page 27 for more details).

UNCOMMON CARE WHEN YOU NEED IT MOST

Matthew and Nadine's world turned upside down with Matthew's cancer diagnosis. Luckily he had access to HCF's treatment at home program, which meant he didn't have to go to hospital and instead was treated from the comfort of his lounge.

"We just assumed that he'd have to have chemo somewhere and have to travel... then HCF said that they were going to do it at home and it was just such a relief."

WE'RE ALL ABOUT UNCOMMON CARE HERE'S HOW

At HCF, we put our money where our members are. Unlike the for-profit insurers, our focus is where it should be – on providing award-winning value products, service and support to our members, not profits to shareholders.

MOST CANSTAR-AWARDED HEALTH FUND

We've won more Canstar Health Insurance Awards than any other insurer in 2024*, including Outstanding Value Health Insurance, which we've won 9 years in a row.

100% BACK ON POPULAR EXTRAS

Pay \$0 on 1 or 2 dental check-ups a year and a first visit to a physio, chiro or osteo with over 16,000 extras providers who participate in our No-Gap network*.

MORE MONEY BACK

For every dollar our members paid in premiums, we've paid out more benefits than the industry average over the last 10 years*.

WE'RE HERE FOR YOU

Proudly owned and run by Aussies, we're here to help you with award-winning local call centres and branches across the country.

KIDS GO FREE

If you add your kids under 22 to your HCF family cover (on a single parent or two-parent family policy), the cost of that cover stays the same. You also pay \$0 excess for kids aged under 25, no matter how many times they go to hospital. Excludes Accident Only Basic cover.

LOYALTY REWARDS

You don't have to be unwell to get great value from your cover with our range of exclusive loyalty offers and rewards. We can help you save money on essentials like e-Gift cards for groceries or on well-deserved treats and experiences*.

* Outstanding Value Health Insurance Award 9 years in a row (2016-24). Winner of the 2024 Hospital Insurance Award in WA, SA and Qld and Hospital and Extras Insurance Award in Tas, Vic and WA.

* 100% back at More for You program providers in our No-Gap network is available on selected covers. Waiting periods and annual limits apply. Our No-Gap network of healthcare providers changes often. * 88.8% compared to 85.3% across the industry. Calculated based on the average of the past 10 years, sourced from APRA Statistics: Operations of Private Health Insurers Annual Report data 2014-23 and Quarterly private health insurance statistics July 2023-March 2024.

* Eligibility criteria applies. You can access HCF Thank You offers after you've been a member for a week, and if your premiums are up to date. Excludes Ambulance Only and Overseas Visitors Health Cover. Offers and partners are subject to change without advance notice. See the HCF Thank You Terms available at hcf.com.au

CHOOSE YOUR COVER

COVER THAT'S MADE FOR MEMBERS

In our experience when it comes to choosing health cover, it helps to start by considering where you're at in life. While this doesn't include all possibilities, it's a good way to see what you're likely to need from your cover.

HOSPITAL COVER CATEGORIES

All hospital cover is categorised as either Gold, Silver, Bronze or Basic. The government sets out which treatments and services each category needs to include (as a minimum). On our hospital products we've chosen to cover additional services, above the minimum requirement, and that's why the products include 'Plus' in the name.

The ranking makes it easier to compare different policies, so you can confidently choose the cover that's right for you. The table below shows which category each of our suggested hospital covers fall into.

Ⓡ RESTRICTED COVER

Restricted Cover is where certain services are specified as being Restricted Services under a hospital product and where Minimum Benefits are applicable. From time to time, the Australian Minister for Health sets out a rate for Minimum Benefits. These Minimum Benefits apply to Restricted Services under some of our hospital covers. If you have Restricted Services under your cover, HCF will pay the Minimum Benefit for a shared room and benefits for government-approved Prescribed List of Medical Devices and Human Tissue Products items and medical services for these Restricted Services. This means that you may have to pay significant out-of-pocket expenses in a private hospital. In a public hospital, if you elect to be a private patient, you may also have to pay significant out-of-pocket expenses.

See page 26 for further details.

✗ SERVICES NOT INCLUDED

If you choose a hospital cover where some treatments are not included in your cover then no benefits are payable for those treatments and all services associated with those treatments e.g. prosthesis, medical, diagnostics, except in the case of Accident Safeguard.

See page 26 for further details.

Please note: Other service exclusions apply. For more information on excluded services read page 26.

- ✓ Service covered on an unrestricted basis at participating hospitals.
- Ⓟ Limited benefits apply. Minimum benefit level payable by HCF for hospital accommodation as determined under the *Private Health Insurance Act* and the cost of prosthesis (as listed on the Prescribed List of Medical Devices and Human Tissue Products). No benefit is payable for podiatric surgeon fees. Ensure you have Informed Financial Consent prior to your treatment, for any out-of-pocket expenses.
- ⓘ Cover for insulin pumps is subject to conditions set out in the *Private Health Insurance Act*.

DENTAL SURGERY

Unlike other services, in-patient dental surgery can be claimed under both your hospital cover (for things like accommodation and operating theatre fees) as well as under your extras cover (your dental surgeon's bill). You must hold eligible extras cover if you want to claim benefits for dentist or dental surgeon's fees for surgery performed in a hospital. Depending on your annual limit, you may still experience out-of-pocket costs, however these costs will be higher if you don't hold eligible extras cover.

REBATES, SURCHARGES AND INCENTIVES

The Australian Government has a few private health insurance initiatives worth knowing about. If you need more information, visit hcf.com.au or call us on **13 13 34**.

AUSTRALIAN GOVERNMENT REBATE ON PRIVATE HEALTH INSURANCE

To help make private health cover more affordable, the Australian Government gives a rebate on health insurance premium. You might qualify for the rebate if you have hospital, extras or ambulance cover, and are registered with Medicare. The rebate is income tested, so your entitlement may change depending on your income and your age.

You can take the rebate as:

- a reduced premium
- a tax offset credit in your annual tax return.

When calculating your income be sure to include all taxable income, otherwise you may have to pay additional tax if you nominate an incorrect rebate tier.

We can give you general information on these thresholds, however for personal advice specific to your circumstances you should speak with your accountant, financial advisor or the ATO at ato.gov.au or **13 28 65**.

See privatehealth.gov.au for the list of rebate percentages.

MEDICARE LEVY SURCHARGE

If you earn above a certain income, and don't have hospital cover, you might have to pay a Medicare Levy Surcharge.

You could avoid paying this by having eligible HCF hospital cover. If you don't have eligible private hospital cover and fall into these income thresholds, you may be charged an additional surcharge on your Medicare levy when your tax return is assessed.

To view the current income thresholds and Medicare Levy Surcharge information, go to privatehealth.gov.au

LIFETIME HEALTH COVER

If you don't have hospital cover with an Australian registered health fund on 1 July following your 31st birthday, and then decide to take out hospital cover later in life, you might have to pay a Lifetime Health Cover loading of 2% on top of your premium for every year you're aged over 30. Over time, this can really add up.

For example, if you take out hospital cover at age 40 you could pay 20% more than someone who first took out hospital cover at age 30.

The maximum loading is 70%. Once you have paid a LHC loading for 10 continuous years, the loading is removed as long as you retain your hospital cover.

For members who've switched from another fund, if your LHC loading differs to what was listed in the transfer certificate, your premiums may change accordingly.

The Australian Government Rebate does not apply to the LHC component of private health insurance. This means if you're eligible for the rebate and also have a LHC loading, the rebate won't apply to the LHC portion of your health insurance.

To find out if you need to pay the LHC loading, you can use the Lifetime Health Cover calculators at privatehealth.gov.au

PRE-EXISTING AILMENTS OR CONDITIONS

If you had signs or symptoms of a condition, illness or ailment during the 6 months before or on the day you joined HCF (or in the 6 months before you upgraded to a higher level of HCF cover or reduced your excess) this means the condition was pre-existing, even if no diagnosis was made before your cover started. HCF will have a

medical expert look at information from your doctor, and any other relevant claim details, to decide whether or not your condition was pre-existing. If it was, a 12 month waiting period will apply to services related to that condition. This rule applies to all new members, members upgrading their cover or reducing their excess, and to children you've added to a policy.

WHO CAN BE COVERED?

Before taking out health insurance, you should understand who can be covered under your policy. You can find out more by visiting hcf.com.au/faqs, and searching for 'Who's covered'.

UNDERSTANDING HOSPITAL COVER

If you're admitted to hospital you're considered an inpatient. The services you receive while you're an inpatient (from when you're officially admitted to when you're officially discharged) will be covered by HCF, depending on your level of cover and the hospital you're in.

EXCESS

An excess is a non-refundable amount of money you agree to pay towards the cost of your hospital treatment before we pay benefits to you.

When you take out hospital cover, you'll select an excess amount. Your choice of excess will affect the cost of your premiums. The higher your excess is, the lower your premiums will be. If you reduce the excess amount on your policy or you move to another policy where the excess amount is lower, you will have to pay the old excess during the waiting period for the treatment.

You only need to pay one excess per person per calendar year if you claim on your hospital cover. Subsequent hospital claims in the same calendar year won't incur another excess payment.

HOSPITAL GAP

Private hospitals charge for accommodation (your bed), operating theatres, prostheses and other hospital-related services. If you're admitted to an HCF participating private hospital, these costs will be covered by HCF for services included in your cover.

If you do have Restricted Services under your cover, HCF will pay:

- the Minimum Benefit for a shared room

Please note: If you're admitted to a non-participating private hospital, if you choose to be a private patient in a public hospital, or if you're being treated for a Restricted Service on your level of cover, HCF will only pay Minimum Benefits to the hospital.

Minimum Benefits are reduced benefits that we pay for Restricted Services (you don't have full cover for a hospital procedure), or when you go to a hospital that isn't in the HCF network. If Minimum Benefits are in place, you're likely to have large additional costs, known as 'gaps'. Minimum Benefits are set by the Australian Minister for Health.

- Minimum Benefits for government-approved Prescribed List of Medical Devices and Human Tissue Products items for the Restricted Services.

This means you might have to pay large gaps in a private hospital or if you choose to be a private patient in a public hospital. When Accident Safeguard applies, the Benefits payable for Excluded Services or Restricted Services will be those applicable to a service covered on an unrestricted basis. Accident Safeguard excludes Elective Cosmetic Surgery and podiatric surgery by a registered podiatric surgeon.

We've got a large network of participating private hospitals and day surgeries to help you avoid or reduce any hospital gap. Find an HCF participating hospital at hcf.com.au/participatinghospitals or call us on **13 13 34**.

MEDICAL GAP

You'll be charged a fee for each medical service you get in hospital. Each fee is set by the specialist who delivers the service (e.g. your surgeon, anaesthetist, radiologist or pathologist). The specialist can choose to charge you a fee known as the Medicare Benefits Schedule (MBS) fee, or a lower or higher fee for their service. It's entirely up to them.

The MBS portion of your provider's fee will be partly covered (75%) by Medicare and your HCF hospital cover will pay for the remaining

25% (for eligible services). Any fee that your specialist charges which is more than the MBS fee may not be covered by HCF. This is a medical gap you might have to pay.

HCF has arrangements with more than 45,000 specialists and doctors across Australia that help eliminate or reduce gaps for doctors' services for our members. Use our search tool to help you find the right specialist at hcf.com.au/findaprovider. We recommend that you check the provider's participation before booking your appointment or procedure as that can change from time to time. Providers can participate on a member by member basis.

EXTRAS GAPS

If you have extras cover, we'll pay up to a set amount or a percentage back for extras services (like dental or optical), depending on your annual limits. The amount we'll pay also varies depending on your level of cover. You'll need to pay the difference between what your extras provider charges and the benefits we pay: this is an extras gap.

WHAT'S NOT COVERED BY MY HEALTH INSURANCE?

There are some situations where your health insurance doesn't cover you, unless we're required to pay benefits under the *Private Health Insurance Act*.

- if a Service is listed as a Service Not Included (we define these services as Excluded Services in our Fund Rules) in the Product Information. For some Hospital Covers, a Service Not Included might not apply when a member receives treatment as the result of an Accident (see hcf.com.au/accident-safeguard). - experimental treatment or other treatment that does not fall within a clinical category under the Private Health Insurance (Complying Product) Rules that is covered by the product
- benefits where a Service is a Service Not Included (we define these services as Excluded Services in our Fund Rules) for the payment of Benefits in a Hospital, and any other Services directly related to those Services, including medical, diagnostic, prosthesis and pharmacy received at the same time, except when Accident Safeguard applies
- benefits greater than Minimum Benefits if a Service is listed as Restricted Cover in the Product Information. For some Hospital Covers, Minimum Benefits might not apply when a member receives treatment as the result of an

Accident (see hcf.com.au/accident-safeguard). For other Hospital Covers, Minimum Benefits apply regardless of whether or not treatment is required as a result of an Accident.

- any service specifically excluded by law such as aromatherapy and homeopathy.

ABOUT AMBULANCE COVER

Medicare doesn't cover the cost of ambulance services and these can be very expensive.

HCF hospital and extras covers emergency ambulance services provided by State Government Ambulance Service Providers. Some levels of cover also include State Government non-emergency ambulance services. This is payable if your doctor requests ambulance transport because your condition requires monitoring and support in transit (up to \$5,000 per person per calendar year). You can claim ambulance benefits for emergency transport to the nearest appropriate hospital able to provide the level of care you need.

Residents of NSW & ACT (in NSW or ACT)

Emergency ambulances aren't fully covered by the state government unless you hold certain government concession cards. HCF hospital and extras covers emergency ambulance services provided by State Government ambulance providers to the nearest hospital able to treat you.

Residents of NSW & ACT (interstate)

If you have HCF hospital cover you're entitled to fully covered State emergency ambulance transport across most of Australia under a levy arrangement. This excludes services in Qld and SA (and also WA for ACT residents) but you may be able to claim under your HCF cover. If you have standalone HCF extras cover you may be covered for unlimited emergency ambulance for transport in NSW or ACT only. On some levels of cover there's an annual limit of 1 claim per person and 2 per policy for states other than NSW and ACT.
