EXCESS

An Excess is a non-refundable amount of money a Member agrees to pay towards the cost of Services before Benefits are payable when admitted to Hospital. If hospitalised, the total excess amount of your cover will apply once per person per Calendar Year.

'THE GAP' WHEN YOU GO TO HOSPITAL

If you go to a hospital that is not a HCF Participating Hospital, you may face large out-of-pocket expenses. It is important to obtain 'informed financial consent' from the hospital to find out whether you will have to pay any gaps to the hospital. It is also important to contact HCF prior to any hospital admission.

You might also have to pay a gap to your surgeon or other doctors that treat you while you're in hospital. Although Medicare and HCF pay your doctors' charges up to the Medicare fee, your doctor may charge more than the Medicare fee which creates a 'medical gap'. HCF has a 'Medicover' arrangement in place where some doctors agree to charge no medical gap or a reduced gap. Before you go to hospital, ask your doctor/s about their charges and if they'll participate in HCF's Medicover arrangement for your procedure.

PREGNANCY AND BIRTH RELATED SERVICES

A 12 month waiting period applies for pregnancy and birth related services. If you have already served (or partly served) a waiting period for pregnancy and birth related services under another equivalent product, then you may not need to serve this waiting period (or some of it). Please check with HCF to confirm the waiting period that applies to you. If you're expecting, make sure you transfer to a family membership within two months of the birth of your child to ensure your child is covered from their date of birth.

MB MINIMUM BENEFITS

For these services, only Minimum Benefits are payable which means that you may have to pay significant out-of-pocket expenses in a private hospital. In a public hospital, if you elect to be a private patient, you may also have to pay out-of-pocket expenses.

✗ EXCLUDED SERVICES

These services are excluded from your cover. No benefits are payable for any treatment related to the excluded service. If multiple services are provided during an episode of treatment which includes an excluded service, no benefits are payable for the entire episode. When Accident Safeguard applies, you will receive the same Benefits as those for covered services. Always check with HCF to see if you're covered before going to hospital.
