

HCF MEDICOVER NOMINATING FOR NO OR KNOWN GAP

HCF operates both a No Gap and a Known Gap medical gap scheme. You can choose to participate in HCF's Medcover medical gap scheme as either a No Gap or Known Gap recognised provider.

When you apply for Medcover registration you will be asked to select which arrangement you want to participate in for each provider practice location. You can choose a different arrangement for each practice location however you cannot participate in both arrangements for any single location.

If you change your mind at a later date, you can change your nomination/s by downloading the **HCF Medcover Change of Nomination for Medcover Form** at www.hcf.com.au/HCFMedicalProviderPortal.

NOTE

Changes of Nomination only become effective **30 days** from the date HCF receives and accepts your fully completed nomination form.

You will need to include each practice location you want to change and nominate the applicable Medcover No or Known arrangement you want to participate in for each location.

Send your fully completed form to HCF:
