WHY PRIVATE HEALTH INSURANCE MAKES COMMON SENSE

Everyone has their own reasons for choosing private health insurance. It could be for peace of mind or it might make financial sense. Here are some of the benefits of having private health insurance.

CHOOSE YOUR HOSPITAL AND SPECIALIST

You decide who treats you and where.

ENJOY BETTER WELLBEING WITH EXTRAS COVER

Depending on which extras cover you choose, you can claim on a range of services like dental, optical, physio, weight management programs and more.

SKIP THE PUBLIC HOSPITAL WAITING LIST

Cut down the time you need to wait for surgery.

GET AHEAD ON GOVERNMENT INCENTIVES

- Reduce your premiums with the Australian Government Rebate on private health insurance.
- You could avoid the Medicare Levy Surcharge.
- Avoid the Lifetime Health Cover loading if you take out hospital cover before your 31st birthday, and maintain it.

BETTER ACCESS TO A PRIVATE ROOM

In a private hospital you're more likely to have a private room, so you can recover in the peace and privacy of your own space. They're allocated on patient need so we can't guarantee one.

RIDE EASIER IN AN EMERGENCY

Medicare doesn't cover ambulance services and these can be costly (if you're not covered by a state-based ambulance scheme). Depending on which cover you choose, you could be covered for ambulance costs in an emergency (see page 25 for more details).

UNCOMMON CARE WHEN YOU NEED IT MOST

Matthew and Nadine's world turned upside down with Matthew's cancer diagnosis. Luckily he had access to HCF's treatment at home program, which meant he didn't have to go to hospital and instead was treated from the comfort of his lounge.

"We just assumed that he'd have to have chemo somewhere and have to travel... then HCF said that they were going to do it at home and it was just such a relief."

CHOOSE YOUR COVER

COVER THAT'S MADE FOR MEMBERS

In our experience when it comes to choosing health cover, it helps to start by considering where you're at in life. While this doesn't include all possibilities, it's a good way to see what you're likely to need from your cover.

HOSPITAL COVER CATEGORIES

All hospital cover is categorised as either Gold, Silver, Bronze or Basic. The government sets out which treatments and services each category needs to include (as a minimum). On our hospital products we've chosen to cover additional services, above the minimum requirement, and that's why the products include 'Plus' in the name.

The ranking makes it easier to compare different policies, so you can confidently choose the cover that's right for you. The table below shows which category each of our suggested hospital covers fall into.

HCF will waive any applicable excess for same-day treatment for members who have held HCF Corporate Premium Gold for at least 12 months.

Ⓡ RESTRICTED COVER

Restricted Cover is where certain services are specified as being Restricted Services under a hospital product and where Minimum Benefits are applicable. From time to time, the Australian Minister for Health sets out a rate for Minimum Benefits. These Minimum Benefits apply to Restricted Services under some of our hospital covers. If you have Restricted Services under your cover, HCF will pay the Minimum Benefit for a shared room and benefits for government-approved Prescribed List of Medical Devices and Human Tissue Products items and medical services for these Restricted Services. This means that you may have to pay significant out-of-pocket expenses in a private hospital. In a public hospital, if you elect to be a private patient, you may also have to pay significant out-of-pocket expenses.

See page 24 for further details.

✗ SERVICES NOT INCLUDED

If you choose a hospital cover where some treatments are not included in your cover then no benefits are payable for those treatments and all services associated with those treatments e.g. prosthesis, medical, diagnostics, except in the case of Accident Safeguard.

See page 24 for further details.

Please note: Other service exclusions apply. For more information on excluded services read page 24.

- ✓ Service covered on an unrestricted basis at participating hospitals.
- Ⓟ Limited benefits apply. Minimum benefit level payable by HCF for hospital accommodation as determined under the *Private Health Insurance Act* and the cost of prosthesis (as listed on the Prescribed List of Medical Devices and Human Tissue Products). No benefit is payable for podiatric surgeon fees. Ensure you have Informed Financial Consent prior to your treatment, for any out-of-pocket expenses.
- ⓘ Cover is subject to conditions (e.g. provision of a Type C certificate if an insulin pump is provided in hospital with a Type C procedure). For insulin pumps provided as an outpatient, limitations apply to benefits for replacement insulin pumps. See hcf.com.au/insulinpumps to find out if you're covered.

GOOD TO KNOW

Get the lowdown on your cover and steer clear of unexpected costs. Always contact us before going to hospital.

REBATES, SURCHARGES AND INCENTIVES

The Australian Government has a few private health insurance initiatives worth knowing about. If you need more information, visit hcf.com.au or call us on **13 13 34**.

AUSTRALIAN GOVERNMENT REBATE ON PRIVATE HEALTH INSURANCE

To help make private health cover more affordable, the Australian Government gives a rebate on your health insurance premium. The rebate is available to people with hospital, extras or ambulance cover, and who are registered with Medicare. The rebate is income tested, so your entitlement may change depending on your income and your age.

You can take the rebate as:

- a reduced premium
- a tax offset credit in your annual tax return.

When calculating your income be sure to include all taxable income, otherwise you may have to pay additional tax if you nominate an incorrect rebate tier.

We can give you general information on these thresholds, however for personal advice specific to your circumstances you should speak with your accountant, financial advisor or the ATO at ato.gov.au or **13 28 65**.

See privatehealth.gov.au for the list of rebate percentages.

MEDICARE LEVY SURCHARGE

If you earn above a certain income, and don't have hospital cover, you might have to pay a Medicare Levy Surcharge.

You could avoid paying this by having eligible HCF hospital cover. If you don't have eligible private hospital cover and fall into these income thresholds, you may be charged an additional surcharge on your Medicare levy when your tax return is assessed.

To view the current income thresholds and Medicare Levy Surcharge information, go to privatehealth.gov.au

LIFETIME HEALTH COVER

If you don't have hospital cover with an Australian registered health fund on 1 July following your 31st birthday, and then decide to take out hospital cover later in life, you might have to pay a Lifetime Health Cover loading of 2% on top of your premium for every year you're aged over 30. Over time, this can really add up.

For example, if you take out hospital cover at age 40 you could pay 20% more than someone who first took out hospital cover at age 30.

The maximum loading is 70%. Once you have paid a LHC loading for 10 continuous years, the loading is removed as long as you retain your hospital cover.

For members who've switched from another fund, if your LHC loading differs to what was listed in the transfer certificate, your premiums may change accordingly.

The Australian Government Rebate does not apply to the LHC component of private health insurance. This means if you're eligible for the rebate and also have a LHC loading, the rebate won't apply to the LHC portion of your health insurance.

To find out if you need to pay the LHC loading, you can use the Lifetime Health Cover calculators at privatehealth.gov.au

PRE-EXISTING AILMENTS OR CONDITIONS

If you had signs or symptoms of a condition, illness or ailment during the 6 months before or on the day you joined HCF (or in the 6 months before you upgraded to a higher level of HCF cover or reduced your excess) this means the condition was pre-existing, even if no diagnosis was made before your cover started. HCF will have a medical expert look at information from your

doctor, and any other relevant claim details, to decide whether or not your condition was pre-existing. If it was, a 12 month waiting period will apply to services related to that condition. This rule applies to all new members, members upgrading their cover or reducing their excess, and to children you've added to a policy.

WHO CAN BE COVERED?

Before taking out health insurance, you should understand who can be covered under your policy. You can find out more by visiting hcf.com.au/faqs, and searching for 'Who's covered'.

UNDERSTANDING HOSPITAL COVER

If you're admitted to hospital you're considered an inpatient. The services you receive while you're an inpatient (from when you're officially admitted to when you're officially discharged) will be covered by HCF, depending on your level of cover and the hospital you're in.

HOSPITAL GAP

Private hospitals charge for accommodation (your bed), operating theatres, prostheses and other hospital-related services. If you're admitted to an HCF participating private hospital, these costs will be covered by HCF for services included in your cover.

Please note: If you're admitted to a non-participating private hospital, if you choose to be a private patient in a public hospital, or if you're being treated for a Restricted Service on your level of cover, HCF will only pay Minimum Benefits to the hospital.

Minimum Benefits are reduced benefits that we pay for Restricted Services (you don't have full cover for a hospital procedure), or when you go to a hospital that isn't in the HCF network. If Minimum Benefits are in place, you're likely to have large additional costs, known as 'gaps'. Minimum Benefits are set by the Australian Minister for Health.

If you do have Restricted Services under your cover, HCF will pay:

- the Minimum Benefit for a shared room

- Minimum Benefits for government-approved Prescribed List of Medical Devices and Human Tissue Products items for the Restricted Services.

This means you might have to pay large gaps in a private hospital or if you choose to be a private patient in a public hospital. When Accident Safeguard applies, the Benefits payable for Excluded Services or Restricted Services will be those applicable to a service covered on an unrestricted basis. Accident Safeguard excludes Elective Cosmetic Surgery and podiatric surgery by a registered podiatric surgeon.

We've got a large network of participating private hospitals and day surgeries to help you avoid or reduce any hospital gap. Find an HCF participating hospital at hcf.com.au/participatinghospitals or call us on **13 13 34**.

MEDICAL GAP

You'll be charged a fee for each medical service you get in hospital. Each fee is set by the specialist who delivers the service (e.g. your surgeon). The specialist can choose to charge you a fee known as the Medicare Benefits Schedule (MBS) fee, or a lower or higher fee for their service. It's entirely up to them.

The MBS portion of your provider's fee will be partly covered (75%) by Medicare and your HCF hospital cover will pay for the remaining 25% (for eligible services). Any fee that your specialist charges which is more than the MBS fee may not be covered by HCF. This is a medical gap you might have to pay.

HCF has arrangements with more than 51,000 specialists and doctors across Australia that help eliminate or reduce gaps for doctors' services for our members. Use our search tool to help you find the right specialist at hcf.com.au/findaprovider. We recommend that you check the provider before booking your appointment as they change from time to time.

EXTRAS GAPS

If you have extras cover, we'll pay up to a set amount for extras services (like dental or optical), depending on your annual limits. The amount we'll pay also varies depending on your level of cover. You'll need to pay the difference between what your extras provider charges and the benefits we pay: this is an extras gap.

WHAT'S NOT COVERED BY MY HEALTH INSURANCE?

There are some situations where your health insurance doesn't cover you, unless we're required to pay benefits under the *Private Health Insurance Act*.

The items listed below aren't a complete list of what isn't covered, so always call 13 13 34 to check your cover before you go to hospital or have a treatment.

Some items not covered by our hospital or extras cover include:

- Elective Cosmetic Surgery
- emergency room fees
- Ambulance Transportation between hospitals (emergency or non-emergency)

- treatment for Pre-Existing Conditions (other than for hospital psychiatric services, rehabilitation or palliative care) within the 12 month Waiting Period (the Pre-Existing Condition Waiting Period applies to new

Members and Members upgrading their Policy to any higher level Benefits or lower excess

- if a Service is listed as a Service Not Included (we define these services as Excluded Services in our Fund Rules) in the Product Information. For some Hospital Covers, a Service Not Included might not apply when a member receives treatment as the result of an Accident (see hcf.com.au/accident-safeguard). For other Hospital Covers, the Service is not included regardless of whether or not Treatment is required as a result of an Accident.

Our hospital cover doesn't include the following, unless we're required to pay benefits under the Private Health Insurance Act:

- PBS pharmaceutical benefits in private Non-Participating Hospitals

- experimental treatment or other treatment that does not fall within a clinical category under the Private Health Insurance (Complying Product) Rules that is covered by the product
- benefits where a Service is a Service Not Included (we define these services as Excluded Services in our Fund Rules) for the payment of Benefits in a Hospital, and any other Services directly related to those Services, including medical, diagnostic, prosthesis and pharmacy received at the same time, except when Accident Safeguard applies
- benefits greater than Minimum Benefits if a Service is listed as Restricted Cover in the Product Information. For some Hospital Covers, Minimum Benefits might not apply when a member receives treatment as the result of an Accident (see hcf.com.au/accident-safeguard). For other Hospital Covers, Minimum Benefits apply regardless of whether or not treatment is required as a result of an Accident.

In addition, extras benefits are not payable for:

- add-ons for optical such as a high index material, coatings and tinting

ABOUT AMBULANCE COVER

Medicare doesn't cover the cost of ambulance services and these can be very expensive.

HCF hospital and extras covers emergency ambulance services provided by State Government Ambulance Service Providers. Some levels of cover also include State Government non-emergency ambulance services. This is payable if your doctor requests ambulance transport because your condition requires monitoring and support in transit (up to \$5,000 per person per calendar year). You can claim ambulance benefits for emergency transport to the nearest appropriate hospital able to provide the level of care you need.

Residents of NSW & ACT (in NSW or ACT)

Emergency ambulances aren't fully covered by the state government unless you hold certain government concession cards. HCF hospital and extras covers emergency ambulance services provided by State Government ambulance providers to the nearest hospital able to treat you.

Residents of NSW & ACT (interstate)

If you have HCF hospital cover you're entitled to fully covered State emergency ambulance transport across most of Australia under a levy arrangement. This excludes services in Qld and SA (and also WA for ACT residents) but you may be able to claim under your HCF cover. If you have standalone HCF extras cover you may be covered for unlimited emergency ambulance for transport in NSW or ACT only. On some levels of cover there's an annual limit of 1 claim per person and 2 per policy for states other than NSW and ACT.

Residents of Qld

Emergency ambulance services are covered by your State government Australia-wide, and non-emergency ambulance services within Qld. You may be able to claim for services not covered by your state scheme under your HCF cover (limits may apply if you have standalone extras cover).

Residents of Tas

Emergency road ambulance services are covered by your State government across Australia, with the exception of Qld and SA. You may be able to claim for services not covered by your state scheme under your HCF cover (limits may apply if you have standalone extras cover).

Residents of Vic, SA, WA & NT

You need either health cover which includes ambulance or an ambulance subscription.
